Defining "Veteran"

For most purposes in Georgia law, the term "veteran" is used to mean someone who has, in the past, served in one of the U.S. armed services and is now a civilian.

However, many veterans benefits are limited to those with an honorable discharge or at least require the character of discharge to be other than dishonorable. (*These restrictions are noted in the individual benefit descriptions.*)

Generally, the term "veteran" does not include anyone currently on active duty. However, some benefits may also be available to those on active duty or to current members of the Georgia National Guard or Reserves. (*These exceptions are noted in the individual benefit descriptions.*)

Tax Exemptions

Regarding Tax Exemptions

This book describes tax exemptions as they are written in Georgia law. However, the administration of tax exemptions is as interpreted by the tax commissioners of Georgia's 159 counties.

GDVS personnel will assist veterans in obtaining the necessary documentation for filing, but the actual filing is left to the veteran.

The GDVS makes no guarantees regarding the awarding of tax exemptions.

Abatement of Income Taxes for Combat Deaths

Georgia law provides that service personnel who die as a result of wounds, disease, or injury incurred while serving in a combat zone as a member of the U.S. armed forces are exempt from all Georgia income taxes for the taxable year of death. Additionally, such taxes shall not apply or any prior taxable year ending on or after the first day served in the combat zone.

Ad Valorem Tax on Vehicles

This exemption applies to either the annual property tax or the title tax, whichever is applicable.

This exemption is for veterans who are verified by VA to be 100 percent totally and permanently service-connected disabled and veterans who are receiving or who are entitled to receive statutory awards from VA for:

- (1) loss or permanent loss of use of one or both feet;
- (2) loss or permanent loss of use of one or both hands;
- (3) loss of sight in one or both eyes; or
- (4) permanent impairment of vision of both eyes to a prescribed degree.

Exemption is granted on one vehicle the veteran owns and upon which the free Disabled Veteran (DV) license plate is attached. Also exempt are veterans who qualify for the Purple Heart or Medal of Honor specialty license plates.

Business Certificate of Exemption

Georgia veterans are eligible for an exemption from any occupation tax, administrative fee, or regulatory fee imposed by local governments for peddling, conducting a business, or practicing a profession or semi-profession, if they meet all of these conditions:

- discharged under honorable conditions
- service-connected disability rating of 10 percent (wartime veterans) or 25 percent (peacetime veterans)
- income is not liable for state income taxes

Extension of Filing Deadline for Combat Deployment

The tax filing deadline for combat deployed military personnel (those who served on active duty as members of the U.S. armed forces in combat activities during a period designated by the President) is extended until 180 days after such deployment ends.

Sales Tax Exemption for Vehicle Purchase/Adaptation

A disabled veteran who receives a VA grant for the purchase and special adapting of a vehicle is exempt from paying the state sales tax on the vehicle (only on the original grant).

Disabled Veteran Homestead Tax Exemption

This exemption is available to honorably discharged Georgia veterans who are considered disabled according to any of several criteria.

In order to qualify, the disabled veteran must own the home and use it as a primary residence. The exemption extends to surviving unremarried spouses and minor children as long as they remain in the homestead or a subsequent homestead in the same county.

Available to:

- Honorably discharged Georgia veterans considered disabled by any of these criteria:
 - VA-rated 100 percent disabled
 - VA-rated less than 100 percent disabled but paid at the 100 percent rate due to unemployability
 - Entitled to receive a statutory award from VA for:
 - Loss or permanent loss of use of one or both feet
 - Loss or permanent loss of use of one or both hands
 - Loss of sight in one or both eyes
 - Permanent impairment of both eyes *
- Surviving, unremarried spouses of qualified deceased veterans

* ? Central visual acuity of 20/200 or less in the better eye (with corrective glasses) or central visual acuity of more than 20/200 if there is a field defect in which the peripheral field has contracted to such an extent that the widest diameter of visual field subtends on angular distance no greater than 20 degrees in the better eye.

Per the state constitution, the amount of this exemption is the greater of \$32,500 or the maximum amount allowable under 38 U.S.C. 2101. (The maximum amount is \$60,000 plus an index factor, which currently adjusts the total to \$63,780.)

For those who were not aware of the amount of the authorized exemption, it is possible to file a claim for a refund of

taxes that have been overpaid. Any claim for a refund must be filed within three years after the date of payment.

To apply, take proof of qualifying service, proof of residency, and a copy of VA disability rating letter (or letter from an authorized physician) to a [GDVS Veterans Field Service Office](#) [2]. A GDVS service officer will confirm eligibility and issue a letter to be taken to the county tax commissioner's office.

Driving Licenses

Veteran's Driver's License - Free Version

This special version of a Georgia driver's license includes a U.S. flag and the word VETERAN prominently displayed on the front.

An honorably discharged veteran is entitled to a free veteran's driver's license if two criteria are met: Georgia residency and service during a recognized period of war or conflict.

There are two ways to meet the Georgia residency requirement:

- The veteran entered service from Georgia (as shown on DD Form 214) and is a current resident of Georgia.
- The veteran has been a legal Georgia resident for the past two consecutive years.

To meet the wartime service requirement, a veteran must have served on active duty during any of the recognized service periods. This includes service in the National Guard or the Reserves, if such service included placement on active duty during a recognized war or conflict. It does not include periodic transfer from reserve status to active duty for training purposes.

Recognized service periods:

- World War II: December 7, 1941 - December 31, 1946
- Korea: June 27, 1950 - January 31, 1955
- Lebanon Conflict: July 1, 1958 - November 1, 1958
- Vietnam: July 1, 1958 - May 7, 1975
- Berlin Conflict: August 14, 1961 - June 1, 1963.

- Dominican Republic Conflict: April 28, 1965 - Sept. 21, 1966
- Grenada Conflict: October 23, 1983 - November 21, 1983
- Panama Liberation: December 30, 1989 - February 15, 1990
- Persian Gulf: August 2, 1990 - present

A member or former member of the National Guard with 20 or more years of creditable service also qualifies. The veteran should obtain certification from the [Adjutant General of the State of Georgia](#) [6] and include it with the other required documentation.

In order to obtain a veteran's driver's license (free or paid), the applying veteran must take the required documentation to a [GDVS Veterans Field Service Office](#) [7]. A service officer will verify the veteran's eligibility and issue a Certificate of Eligibility (DS-516).

The veteran must then take the completed DS-516, together with all required identifying documents (birth certificate or passport; Social Security card; two documents showing residential address; and, if applicable, name change documentation) to a [Georgia Department of Driver Services \(DDS\) office](#) [8]. A DDS representative will administer a vision exam, verify the veteran's eligibility, and issue a veteran's driver's license.

As part of this mission, GDVS offers a wide range of superb services and programs, including excellent veterans [benefits assistance](#) [2]; devoted [appeals support](#) [36]; skilled [nursing home care](#) [37]; compassionate [cemetery committal](#) [38] services; and rewarding [veterans education](#) [39], on-the-job training, and apprenticeship training program management.

GDVS representatives strive to ensure Georgia's veterans receive all of the federal and state benefits to which they are entitled.

Appeals Support

The GDVS [Appeals Division](#) [36] assists veterans and their families who choose to dispute the disposition of their claims for veterans benefits. Additionally, the division provides support service for claims filed at GDVS [Veterans Field Service Offices](#) [2].

Education & Training

By law, the GDVS is designated as the State Approving Agency (SAA), responsible for approving and supervising all institutions and establishments in Georgia that offer education and training under the provisions of the [Veterans Educational Assistance Program](#) [41] (GI Bill).

Within the GDVS, the SAA function is performed by the [Veterans Education & Training Division](#) [39].

This division is responsible for ensuring that approved institutions and establishments meet and maintain acceptable standards so that eligible persons who attend may receive educational assistance from the U.S. Department of Veterans Affairs.

These programs must have SAA approval before veterans and other eligible persons may receive educational benefits (GI Bill) from VA under the authority of Title 38, U.S. Code and Chapter 1606 Title 10.

Federal and state laws require stringent regulatory compliance of all institutions and establishments approved for veterans attendance. The responsibilities of approval, annual inspections, and ensuring corrective action when necessary, constitute a vital function of the Georgia SAA.

The SAA has the function of ensuring educational institutions and establishments meet and maintain acceptable standards so eligible persons who attend may receive educational assistance from VA. This includes all public and private schools and all establishments offering apprenticeship and other on-the-job training.

The satisfactory performance of these duties requires SAA personnel to have extensive knowledge in education administration and a full understanding of the laws and regulations that govern and control the Veterans Educational Assistance Program.

For further information concerning approved universities, colleges, technical and trade schools; flight schools; correspondence schools; apprenticeship and on-the-job training programs, contact the SAA staff.

Contact: 404-656-2306 or saaga@vs.state.ga.us [42].

Apprenticeship Programs

Apprenticeship training is similar to OJT, but includes theoretical instruction as well as practical training. While learning a trade as an "apprentice," the veteran is taught by a skilled worker, a "journeyman." Once approved, the veteran receives VA education benefits while working full-time and earning wages.

Apprenticeship programs differ from OJT in that they are normally two or more years in length. They require a minimum of 144 hours of related classroom instruction per year. The employer, local technical college, union, or the [Federal Bureau of Apprenticeship Training](#) [43] usually provides classroom instruction.

The SAA approves non-registered programs. Both the Federal Bureau of Apprenticeship Training and the SAA approve registered apprenticeship programs. Some examples of approved programs are carpenter, electrician, brick mason, and plumber.

The full list of approved on-the-job training programs is maintained by the U.S. Department of Veterans Affairs and is available online through VA's [WEAMS institution search tool](#) [44].

On-the-Job Training Programs

On-the-Job (OJT) programs may be approved for a wide variety of entry-level jobs. Once approved, a veteran participates in the OJT program while working under the employer's supervision. The veteran receives monthly VA education benefits in addition to regular salary.

In order to apply, a veteran must be employed full-time with an employer who can provide training in a bona fide trade or skill in which the veteran is not already qualified.

The full list of approved on-the-job training programs is maintained by the U.S. Department of Veterans Affairs and is available online through VA's [WEAMS institution search tool](#) [44].
